## THE NEO BLACK MOVEMENT OF AFRICA

**Attn:** The President

Dear Sir,

**Re:** Appreciation

On behalf of St Francis Xavier Catholic Church, Owo, I wish to state that words alone cannot express the gratitude in our hearts as a parish and a community of faith. However, with a deep sense of appreciation, we sincerely thank you for your love, and generous donations of Two million naira only (=N= 2,000,000.00) towards bringing relief to the injured persons and bereaved families of the June 5<sup>th</sup>, 2022 attack. Above all, ensuring the stabilization of our parish community.

I am pleased to inform you that with your support, as of the above date, the statistics of injured victims still in the Hospital is ten in number. And about sixty seven others have been discharged to their homes. However, some of them will still need a second surgery in about a month's time. In any case, the efforts of our Parish Victims' welfare committee in collaboration with the Hospital management have the situation under control. The second stage of care which we are introducing is the "re-stabilization program." It is to assist families and individuals who were critically affected to access further support either by attending therapy sessions or receiving economic empowerment.

May God bless you and keep you safe in His love. Be assured that, you are remembered in our prayers.

Yours sincerely,

Rev. Fr. Vincent Anadi  
Parish Priest
